I just watch the news and 47 out of 51 States are being out bid by the government for masks for help. All States are saying they've been out bid. President trump I said that only like 20000 masks going out. So what does that say to you? People, you need to wake up and realize, That this is population

control by the government. If they're buying out all the medical supplies, masks, respirators, and everything else, From the people who supply them to us, What is that say to you? Let me ask you this... .. Why would the government buy everything, and out bid, And medical supplies? Why is it that 47 out of 51 States are denied medical supplies? Things that We normally have, Like medical masks, Rubber gloves, Full body containment units, Head masks facials..... Think about it. All the things that our medical providers are supplied for at a minor costs are being bid out by president trump and his Minions. Why is it that we're being release so Little supplies by our government? Will you know what I'm gonna start to Mutiny. I'm asking every pull hard Americans to stop and think about things that it only on. I'm asking everybody to stand up and fight the goofd fight against the people who are Not letting us have medical supplies That we need. I wanna stop the tyranny the government, Who are the number one suppliers of everything and are keeping our supplies from us. I'm asking you all do whatever it is you need to do, But you know if you send a letter to the government it's not going to help. They're still gonna take everything away from you so stand up to the tyranny, And The denial of the government, the president ,everyone Stand up and be heard! I'm tired of being told why can't I care not do. Is this not the land of the free and the home of the brave? Is this not the land of the free?
